1 in 7 YOUNG ADULTS HAS A SUBSTANCE USE DISORDER – SAMSHA, 2019

There is nothing funny about substance use disorder. But there is hope.

A significant threat to our youth, substance use disorder often develops and takes off during adolescence.

Your participation in this event will help raise funds to support substance use prevention efforts, aid those in recovery, reduce the stigma associated with this disease, and advocate for change that can improve the path of a child or teen's life. Among other initiatives, your generosity allows us to maintain and grow our support for collegiate recovery programs, and to help establish and sustain an adolescent substance abuse treatment center in the Detroit area.

ABOUT THE JAMIE DANIELS FOUNDATION

The Jamie Daniels Foundation grants funds to support community partners that provide programs, resources, and solutions that address the ongoing drug epidemic through prevention, recovery, and stigma reduction. As an initiative of The Children's Foundation, the Jamie Daniels Foundation is provided with essential support and expertise, which creates a partnership that has a broader reach, grants more funds, and saves more lives.
