WHAT WE DO

The Jamie Daniels Foundation, a Children's Foundation initiative, grants funds to support community partners that provide programs, resources, and solutions that address the ongoing drug epidemic in our country. The foundation also advocates for legislative change as it relates to drug use and prescribing. Our primary focus is on children, young adults (up to age 24), and their families who are battling substance use disorder through three key initiatives:

Prevention

Recovery

**Stigma
Reduction**

The Jamie Daniels Foundation was founded by Jamie's parents, Lisa Daniels-Goldman and Ken Daniels, in memory of their late son. Jamie died from an overdose at the age of 23 while receiving treatment for a substance use disorder.

PROCEEDS FROM THIS EVENT

ONE LIFE LOST IS ONE LIFE TOO MANY

Your participation in this event will help raise funds to support substance use prevention efforts, aid those in recovery, reduce the stigma associated with this disease, and advocate for change that can improve the path of a child or teen's life. Among other initiatives, your generosity allows us to maintain and grow our support for collegiate recovery programs, and to help establish and sustain an adolescent substance abuse treatment center in the Detroit area.

DID YOU KNOW THAT 1 IN 7 YOUNG ADULTS

has a substance use disorder? A significant threat to our youth, substance use disorder often develops and takes off during adolescence. Treatment services for youth are sparse and often do not provide comprehensive, up-to-date care. Once in recovery and ready to transition to college, many schools do not provide the support necessary to maintain recovery.
